## MAY LOSE MONEY

Wooley & Hanson May Have to Pay \$1,900 Penalty on Pavement Job

Nineteen days behind contract time, entailing a penalty of \$100 each day, or \$1,900, Contractors Wooley & Hanson have finished the Caledonia street brick paving job. Few repairs remain to be made while a cleaning up of the street and fixing of sidewalks is necessary.

The men employed on the job, worked yesterday to complete it as soon as possible. Sunday work has been indulged in several times because of the delay of the contractors.

The penalty, an especially heavy one, may possibly be enforced by the common council, as a separate contract, governing delay, was entered into between the city and the contractors before the work was started. The board of public works places the blame on the contractors for starting operations fifteen days late, while the contractors allege that the shortage of laborers is responsible for finishing late.

Considering the contract price and penalty of \$1,900, deducting Sundays, there is little left for the contractors. The contract called for completion of the work on Oct. 1.

The Tribune has placed space in this paper at the disposal of Mr. Driscoll for the publication of these sketches.

MOREY STOCK CO.  
DRAWS BIG HOUSE

The Morey Stock company was well attended at both matinee and night performances. "Reaping the Harvest" at the matinee was a pleasing society comedy and drew a full house. "A Vagabond's Wife" at night pleased another good house. The company is a well balanced one, each artist adequate to the demands of the play. The performances of yesterday stamp the company with success. Their scenery, costumes and effects were beautiful. The specialties between the acts thoroughly enjoyed and applauded.

## LA CROSSE IMPRESSES HIM

Mr. Broadbridge arrived in the city last evening and, with his co-workers, Alex W. Crozier and W. C. Webber, is stopping at the Stoddard. He is quite complimentary in his remarks concerning the commercial enterprise of La Crosse and predicts a steady development, not only in retail lines, but in wholesale as well, referring to its very favorable location for a great distributing point.

He says he is much impressed with the general appearance of the sales forces of the retail stores.

Arrangements are being made with a view to having Mr. Broadbridge put on his course of six lectures on scientific salesmanship.

Salesmen of this city will consider themselves favored in being able to hear the noted teacher.

He says opportunities in the field of salesmanship is unlimited and there is a constant demand everywhere for men and women of skill in handling the public—the art of introducing goods and closing sales.

JOINT MEETING THURSDAY  
MAY ASSURE SAENGERFEST  
FOR LA CROSSE

With every indication of a successful culmination of the project and the German singing societies optimistic of success, the board of trade saengerfest committee and the committee representing the Frohsinn and Deutscher Verein singing societies will meet jointly Thursday night to consider the project of holding the 1908 saengerfest in La Crosse.

A full report of the cost of the meeting, the accommodations offered in the city, the cost of a temporary auditorium large enough to accommodate 10,000, including a chorus of 2,000 voices, and the estimated deficit, will be made by the German societies.

The report has been completed after a careful canvass which shows that La Crosse can undertake the immense project successfully. The singing society committees expect the board of trade committee to reverse its decision that the saengerfest is too large for a city of the size of La Crosse to handle.

The meeting will be held in the small council chamber and will be open to the public.

## FINE CONCERT AT THE BAPTIST CHURCH

The concert which is to be given in the Baptist church next Thursday evening will bring to La Crosse three very fine artists. Mrs. Hartman's voice is very much admired in Boston and she ranks among the best singers there.

Lack of headwork cost the football game between the La Crosse and Tomah high school teams at League park Saturday, the visitors walking away with the contest by a score of 23 to 6. Straight football, at which they excelled, formed the play of the visitors.

During the last of the second half several trick plays, involving open football, the change sought by the new rules, were adopted by the locals and substantial gains resulted. If the same brand of football had been used for the first half, the score might have been reversed.

## SMITH, ARRESTED FOR LIBEL DEMANDS FULL INVESTIGATION OF HOME

Captain A. C. Smith, who has made several charges against the management of the Wisconsin Veterans' Home of which Judge B. F. Bryant, of La Crosse is president of the board of trustees, has been arrested on a charge of criminal libel. W. R. Brown, chaplain at the home is the complainant. Smith was about to circulate a paper called the "Veterans' Voice."

Severe criticism of Gen. Bryant, which was unfounded and almost silly, has been the stock in trade of Smith. Other trustees also have felt the sting of his unsubstantiated remarks. Smith was branded as a fool by Gen. Bryant early in the month. Several times he has caused trouble for the trustees.

Smith has appealed to Gov. Davidson for a thorough investigation of affairs at the home. Smith has gone to Milwaukee to employ help in his undertaking.

The charges of Smith caused an investigation but officers of the home were exonerated some months ago.

## BRYAN IN INDIANA

(Tribune Special Service.)  
INDIANAPOLIS, Ind., Oct. 22.—William J. Bryan came into Indiana today to contribute his aid in the election of the democratic candidates for state office and for congress. If the itinerary mapped out by the democratic state committee is carried out the three days' program today will be about as strenuous a period as the distinguished Nebraskan has put in since he was campaigning for the presidency. Twenty-nine speeches is what the three days' program calls for. Twelve speeches are on the list for today, which is being spent in the southwestern part of the state, beginning at Evansville tonight. Tomorrow will be devoted to the gas belt cities. Tomorrow night he will address a big meeting in this city, and on Wednesday will go into the north central part of the state, winding up in the evening at Ft. Wayne. Scarcely will Mr. Bryan conclude his Indiana itinerary when Vice-President Fairbanks, Senator Beveridge and other republican leaders will follow along his trail to offset the influence of his speeches and endeavor to keep the Hoosier state in the republican column.

Democrats—Joseph K. Toole, the present governor of the state; H. L. Frank, formerly chairman of the state committee, who was interested in the election of Senator Clark, and W. G. Conrad.  
Republicans—Lee Mantle and Joseph M. Dixon.  
Mr. Dixon is at present in the house of representatives, but is not a candidate for re-election to the house. The Federation of Labor has made objection to some of his acts while in congress and may fight him, but not, it is believed, as strongly as it has carried on campaigns in some other states.

**FAULTY DIGESTION.**  
Quickly Shatters the Nervous System and Should Be Given Attention at Once.

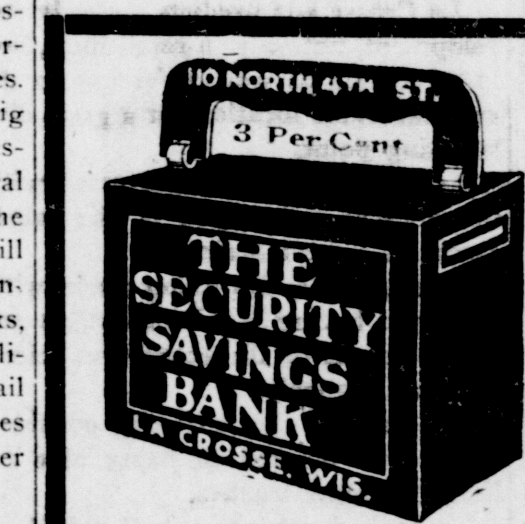

If the sufferer with weak nerves only realized that a faulty digestion was the chief cause of nerve exhaustion, a cure would be much easier, for he would then strengthen the digestive organs with Mi-o-na stomach tablets. A few days' use of these tablets will tone and strengthen the digestive system so that it will absorb all the elements of nerve force from the daily food, and the nerves will be strengthened, sleeplessness will be overcome, weakness will vanish, and the various functions of the body will become natural and regular.

If you have specks before the eyes, are sleepless, have nervous twitchings, headaches and backaches, if there is nausea or distress after eating, if the appetite is poor and there is general debility and weakness, begin the use of Mi-o-na at once, and you will soon notice a marked improvement in health. It will give strength and vigor to the whole digestive system, restore the vital force and nerve energy, and impart ambition, strength and good spirits to the discouraged, run-down and weak.

You run no risk whatever in buying Mi-o-na, for O. T. Erhart gives an absolute guarantee with every 50-cent box that the money will be refunded unless Mi-o-na does all that is claimed for it.

## WHITE SLAVE CONGRESS

(Tribune Special Service.)  
PARIS, Oct. 22.—An international congress, relative to the "white slave traffic," assembled in Paris today. The congress has for its object the elaboration of more effective means than those employed at present for the repression of the traffic in girls of the humbler classes, who leave their rural and provincial homes for the purpose of obtaining employment in large cities.

**HAD BETTER WALK TO THE NORTH SIDE, SAY IRATE CITIZENS**

About 8:30 yesterday morning a street car was derailed south of the Mill street crossing where the new switch is being installed. The car was tipped up on end and the passengers were required to get out. No one was injured.

At 1:15 another car was derailed in the same place and traffic blocked for an hour.

For some time north side passengers have been complaining considerably about the number of times they are required to transfer. They are made to transfer at the Caledonia street pavement where they had to walk three blocks last week and also on Mill street where the sewer has been installed. The third transfer is made at the new switch south of the Mill street crossing where the cars were derailed yesterday.

It was rumored that cars would not be allowed to run over the brick pavement for ten days, the time required for the cement to set, but the distance has been shortened very much and it will only be a short time before the transferring will be done away with.

## BECOME ENGINEERS

Messrs. C. F. Davis, Theodore Gomeau, C. H. Pierce, William Voss, C. H. May and C. J. Frosch passed the final examinations required for the position of engineers on the Milwaukee road Saturday and have been put on the time card.

Mr. Davis has already had an engine and the other men will go on next in the order in which they are named above.

Eleven men from Portage also passed the examination.

## NORTH SIDE BRIEFS

One of the large Great Northern engines passed over the Burlington road through Grand Crossing yesterday. The engine weighs 240 tons and has six drive wheels on each side, and two cylinders.

James J. Hill, the railroad king, passed through Grand Crossing yesterday in his private car, "A 18," en route from Chicago to St. Paul.

Mrs. M. M. Conley of Minneapolis has returned home after a visit at the home of Mrs. F. C. Lampman, 1017 Rose street.

## STUCK TO IT

For Years but Finally Had to Give Up Coffee

Our habits of eating and drinking stick to us like a hungry pup to a bone. We can't always break loose even when we know we ought to.

Coffee does certainly hurt many persons, and they know it. But it is one thing to know it and another to devise some way to change the habit and still have a warm beverage at meal time. Thousands of persons all over the world have found it easy to quit coffee because they use Postum Food Coffee.

"For years I've felt the harm of drinking coffee," writes an Iowa woman, "but I liked it so well I stuck to it until about two years ago I quit coffee, and tea, too, and began to drink Postum."

"I made it, not like coffee, but boiled it according to directions on the package, and the first time we had it we all liked it. We have it now, morning, noon and night, and all feel healthier and happier for the change."

"I never have heartburn nor indigestion any more, though my husband and I used to suffer that way and with nervous headache a great deal of the time when we drank tea and coffee. We can't say enough in praise for Postum, and for the good it has done us." Name given by Postum Co., Battle Creek, Mich.

Mr. and Mrs. Floyd Lake will soon return to the North side.

**OSHKOSH TO STAY AND WANTS FOND DU LAC IN TOO**

Oshkosh will remain in the Wisconsin State league, the directors of the club having decided on the step which makes the organization intact. Late advices from Freeport say that that club will be a member next year unless the Northern Illinois league is a sure go. Freeport has been invited to enter the Iowa league, but prefers to remain in the Wisconsin circuit.

Oshkosh has passed a recommendation asking that Fond du Lac come in. The club members at the Saw Dust city are especially anxious for Fondy as that club will insure intense rivalry and good crowds if in the league. The Oshkosh directors sent Fond du Lac an invitation to join. Fond du Lac sportsmen look with favor upon the state league and desire to enter to make an eight club circuit.

### VOTE FOR GOOD MEN

(R. B. Gelatt in Leader-Press Oct. 28, 1904.)

"THE CITIZEN SHOULD DIVEST HIMSELF OF PARTISAN BIAS SO FAR AS HE IS ABLE AND VOTE FOR COUNTY OFFICERS ON THE GROUNDS OF THE QUALIFICATIONS OF THE CANDIDATES FOR THOSE OFFICES. THE MORAL STANDING, THE HABITS, SUCCESS OR FAILURE he has shown in his own business and the SPECIAL QUALIFICATIONS for the office sought ought to be weighed in the case of each candidate. This takes time but it is no light matter to assist in the selection of public officers and EVERY CITIZEN OWES IT TO THE PUBLIC TO DO IT INTELLIGENTLY."

### LA CROSSE CITIZENS MUST UNITE IN GREAT MERCANTILE AND INDUSTRIAL STRUGGLE

From this time until Christmas is the mercantile harvest. The heaviest buying by householders takes place during these eight or nine weeks. Preparation for the rigors of the winter supplemented by holiday gift buying, induces greater expenditures in merchandise in these two months than are made in any other period of twice the duration.

You, Mr. Family Man, are going to buy many things. Your wife is going to do her shopping. Have you any rule by which you will be guided in the selection of the things you will buy? Is there any way in which you can make your expenditure a benefit to you beyond the value of what you buy and the comfort it affords? Ask yourself these questions:

- (1) Do you earn a salary in or near La Crosse?
- (2) Do you educate your children in or near La Crosse?
- (3) Are you interested in good roads in or near La Crosse?
- (4) Do you own property in or near La Crosse?
- (5) Are you engaged in business in or near La Crosse?

Supposing you are going to spend \$100 for merchandise, and supposing you earnestly want the money to be of benefit to your fellow citizens in this community as well as to yourself, what course of reasoning will you pursue? Will not you say:

"I will buy things that are made in La Crosse factories. Then my \$100 will be spent in building up home factories that hire help here. The taxes on my \$100 investment will be spent in improving streets and in maintaining schools to which I send my children. The profits accruing to the manufacturer through his additional investment of my \$100 will be used by him to further increase his business or to improve his home. Part of my \$100 will be paid by the manufacturer in wages to his employees, and they will in turn spend it with my employer who will pay a portion of it back to me in salary; or the employees of the factory will receive part of it in wages and spend it in my store or shop. Thus my \$100 will remain in La Crosse, circulating from the manufacturer to the clothier, to the drygoods man, to the grocer, to the hardware man, to the shoe dealer and so on back to me. And by keeping my \$100 here and that of my neighbors who will do as I do, La Crosse will become rich because it will keep its own money and constantly accumulate money that comes in from the outside. We will have a great city. We will build up good schools, fine roads, busy factories and crowded stores. Real estate will advance in price with this prosperity, so that my home which I bought for \$1,000 will soon become worth \$2,000 or \$3,000. Surely, I will buy home made goods."

"But if I must have some article that is not made in La Crosse, I will do the next best thing. I will buy from a home store. I will see to it that the profits honestly due for storing and displaying and selling shall remain in La Crosse. In this way also I will contribute to good roads, good schools, lively business, enhancement of real estate and general prosperity in the community in which I live. Were I to buy from a mail order house, these advantages would be lost. Montgomery Ward & Co., Sears, Roebuck & Co. and Seigel-Cooper do not give one cent of their earnings to La Crosse. They pay no taxes here. They do not contribute to maintaining La Crosse roads or schools or public institutions; they do not help support our dependent people; they only sell here, they do not buy. On the contrary, they are tearing down our enterprises. They are injuring our mercantile possibilities. Every dollar a misguided customer from this vicinity pays them builds up Chicago, adds to their facilities for monopolizing trade, deprives La Crosse of commercial activity and tends to stultify all business by fostering a mercantile monopoly. Verily, I will spend my money at home!"

A notable advance has been made during the past summer in the general movement to check mail-order houses in their vast encroachments. A great system of county organizations has been formed. United effort is being made to educate the public, and particularly the farmers, to the danger which threatens in this growing mercantile monopoly. In Minnesota

## WING REPUDIATES PALMER

Frank B. Gesler, Esq.  
Dear Gesler:

I want to commend the stand you and Trimbel of West Salem have taken on the candidate for sheriff.

There is no party obligation so strong as the MORAL OBLIGATION TO REFUSE TO VOTE FOR A CANDIDATE ON YOUR TICKET IF YOU KNOW HE IS INTELLECTUALLY AND MORALLY UNFIT FOR ANY OFFICE TO WHICH HE ASPIRES; and when he has secured the nomination by soliciting democrats to vote in republican caucuses, it is more than ever IMPORTANT TO TEACH A LESSON THAT WILL NOT BE FORGOTTEN BY FUTURE CANDIDATES.

The republican candidate expects to get enough democratic votes to elect him, as he did to nominate him, but if the decent republicans of La Crosse county do their duty, there will not be democrats enough—of HIS kind—to do any harm.

Yours truly,

E. M. WING.

A. J. PHILIPS, REPUBLICAN, AGAINST PALMER

West Salem, Wis., Oct. 3, 1906.

Dear Mr. Gesler:

I desire to congratulate you on your stand on the sheriff question. Let the Chronicle howl. YOU VOICE THE SENTIMENT OF THE BETTER CLASS of voters.

Stick to it, for YOU ARE RIGHT. Have your paper independent in reality as well as name.

Yours truly,

A. J. PHILIPS.

ta a majority of the counties are organized against the grafters. A systematic educational propaganda is afoot. Lecture courses are provided, and scientific study is teaching the people that a danger threatening a national calamity is developing and in what way it can be stopped. Here is serious work for the La Crosse Merchants' association. There have been seen evidences that the organization is awake to the growing peril. President Felber and his associates are actively reconnoitering the situation. A study of the danger and best methods of combating it is being made. At no distant day, we believe, the campaign will be formulated on an intelligent basis and La Crosse and its tributary territory will be rescued from the tightening clutches of a great and growing mercantile trust.

If the La Crosse merchants are to be successful in this important work they must have the co-operation of the citizens. Townspeople and farmers must unite to save themselves from this dangerous and blighting centralization of trade. The whole community must join in the effort to protect our homes and home institutions against an invasion more deadly than that of armed soldiery. When it is remembered that one Chicago mail order house took \$80,000,000 of business out of the country last year, \$10,000,000 of it from Wisconsin and approximately \$200,000 of it from La Crosse and vicinity; and when it is noted that this business of the Chicago mail order houses is increasing at the rate of 40 per cent compounded annually, the condition is mightily alarming. At that rate in five years from today, or during the year 1911, more than \$1,500,000 of business will be taken from La Crosse and vicinity and given to the Chicago mail order stores. It will be seen that in less than ten years much more than the present entire volume of trade will be consumed. Our mercantile establishments will be ruined. Our city will be only a distributing depot for mail order houses and a shipping depot for the Chicago interests who will be buying our farmers' stock and grain at their own prices. This is the logical result of passing by the home merchant and buying in Chicago. The figures are so great as to be astounding. The danger is so startling that, we believe, the presidential campaign of 1912 will find the restriction of mail order business by the federal government a national political issue, if indeed the question does not become paramount in the election of 1908.

### GELATT INTIMATES REPUBLICANS ARE IGNORANT

"Opposition to his (Palmer's) candidacy cannot be countenanced without jeopardizing every other man on the ticket with him. Whoever earnestly desires the election of any candidate on the republican ticket will not fail to support, with unswerving loyalty, the head of the ticket."—R. B. Gelatt in The Chronicle.

This is as utterly dishonest as it might have been expected to be coming from its source. The normal republican majority in La Crosse county is such that no candidate can possibly suffer because of honorable and clean republicans voting against one republican candidate whom no republican speaker will have the hardihood to call a clean and exemplary citizen. Does the new-born republican paper mean to charge that republican voters in this county have not the intelligence to split a ticket without losing their votes?

It will be noticed that Mr. Gelatt has to find his Palmer arguments in the effect opposition to him will have on the rest of the ticket. He cannot find in the personality of his friend Palmer anything exposition of which would make votes. And when you read Mr. Gelatt's advice against splitting the ticket, remember that on October 28, 1904, Mr. Gelatt said, "The citizen should divest himself of partisan bias so far as he is able and vote for county officers on the grounds of the qualifications of the candidates for those offices. THE MORAL STANDING, the HABITS, success or failure he has shown in his own business and the SPECIAL QUALIFICATIONS for the office sought ought to be weighed in the case of each candidate. This takes time, but it is no light matter to assist in the selection of public officers, and EVERY CITIZEN OWES IT TO THE PUBLIC TO DO IT INTELLIGENTLY."

### FOR INSTANCE, PAW

That the heart of the stalwart papers is true to Poll is proved by the fact that all of them, even those published in the more remote parts of the state, are valiantly fighting McGovern.—Free Press.

A man who will resign from a political party committee rather than support an unfit candidate is at least as good as a man who will support an unfit candidate rather than resign from a political party committee. He is better than a man who will be come a party to a false statement made under oath.

The "splendid endorsement" of the Sunday Chronicle fell off about 150 inches this week as compared to last week. Wonder if the discovery of a sworn "mistake" of about 4,506 inches in its circulation was responsible.

We suggest that if the "meanest thing in the history of La Crosse politics" is not justified by the facts, it is subject to successful attack in the courts. One does not fear, however. There is no more danger than there was in the case of that common Stock Deal.

## JUST LIFE

### Journalism in North Dakota

Our slim advertising patronage since locating here has badly mixed our finances, and we found it necessary to secure work on the ditch at shoveling dirt this week or suspend publication next month. No more subscriptions or ads for the Herald will be accepted until the business men of Abercrombie decide to give us a guarantee of at least \$10 per week in cash advertising at our regular rate of \$2 per column for display ads, or 5

cents per line for locals. We have not tried to force any one to take an ad in the Herald as we do not believe in earning our living and begging for it, too. Our actual expenses, including the cost of our board, are almost \$20 per week. This does not allow us any other salary than board, clothes, and tobacco. We had \$2.40 left when we arrived in town May 19, and it has taxed our ingenuity to keep things moving, which we were enabled to do through Dr. Anderson's kindness in allowing us to run up a large board bill during the time he was running the Merchant's hotel. We will lose about \$100 if we drop the paper now, and therefore shall not refund any subscription accounts. We have canceled our order for ready prints and closed our job department, and unless our business men are enterprising enough to subscribe the above amount of advertising without our personal solicitation before we can secure enough to square our board bill, we propose to kiss ourselves goodbye and explore the jungles in search of a community that does not expect us to live on smiles and hot air.—Abercrombie (N. D.) Herald.

## REV. FERRIS RESIGNS OWING TO ILL HEALTH

**Former La Crosse Pastor Now in  
Milwaukee Will Take a Year's  
Rest to Regain his Strength**

The Rev. Elmer E. Ferris of the First Baptist church for four years, has resigned the pastorate of the Tabernacle Baptist church, Milwaukee, because of ill health. The resignation was given the congregation at the service Sunday morning. Ill health is given as the cause for the unexpected resignation.

"I have been in ill health for four years," said Mr. Ferris in Milwaukee. "Twice I have been on the verge of a nervous breakdown. I came near breaking down the first year of my pastorate here, and the congregation sent me to Colorado for a period of two months.

"Last spring I was threatened with a serious breakdown, and I spent four months out of doors in Canada. I came back feeling much better but knowing that I was not entirely recovered. I took up my duties the latter part of August, but soon found that my health was becoming bad again. I was apprehensive of the effect of continuing any confining work for long and decided to resign.

"My congregation would have given me another vacation if I thought a few months would help me, but I have decided to leave the ministry for a year and seek some employment out of doors. My plans are not fully matured, but I shall engage in no literary or professional work, and I will probably go to some point in the north-west. My family will remain here.

"I am confident that at the expiration of a year in the open air I shall have regained my health and vigor. My chief trouble is a nervous ailment with a few minor complaints incidental to a poor nervous system."

Mr. Ferris has been pastor of the Milwaukee church for two years. He went there from La Crosse, where he served four years as pastor of the First Baptist church. He was ordained nine years ago in Nebraska, and held pastorates in that state un-

## D. A. R. CONVENES AT PORTAGE TOMORROW

The annual state conference of the Daughters of the American Revolution will be held in Portage Tuesday and Wednesday, October 23 and 24, and a program of an exceptionally attractive character has been arranged for the occasion. Among those to be present and address the conference is Mrs. Donald McLean of Washington, president general of the National organization of the G. A. R.

It is stated that Mrs. Thomas Hoyt Brown of Milwaukee, the present state regent, has declined to accept a renomination and that Mrs. Ogden H. Fethers of Janesville, the state vice regent, is in line for promotion and will probably become state regent. This will result in the election of a new state vice regent. The regent of each chapter will be called upon to give a written report of what her chapter has been doing in the period from October, 1905 to October, 1906.

The regents and regularly elected delegates of the various chapters will be entertained by the Portage members of the patriotic organization. All members of the D. A. R. in the state are welcome to attend the conference and enjoy the entertainment features provided by the Portage chapter, including a luncheon and a drive about the city.

Arrangements have been made by the state organization to have the coat-of-arms of Wisconsin placed in the glass roof of the auditorium of the Memorial Continental hall of the D. A. R. at Washington. This will cost about \$250 and each chapter will bear its portion of the expense.

### Danger From the Plague.

There's grave danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo. Walls, of Forest City, Me., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents Pneumonia, cures La Grippe, gives wonderful relief in Asthma and Hay Fever, and makes weak lungs strong enough to ward off Consumption, Coughs and Colds, 50c and \$1.00. Guaranteed by O. T. Erhart's drug store. Trial bottle free.

You will have to look long and far to find a totally uninteresting advertisement—or one that will not, in some manner, repay the reader.

## HOME GROWN VEGETABLES PLENTY

Home grown vegetables are now in the lead on the local markets and there is an abundant supply. Squashes, carrots, beets, pumpkins, onions, etc. are in great demand at this time and the prices are very reasonable and the crops have been good this year. It is in the fall of the year when the gardeners really reap their harvest as the merchants, as well as a great many of the residents, get their supply for the winter at this time and store them in their basements.

The fruit season is gradually drawing to a close but apples are very plentiful and the winter apples are now beginning to arrive. The quality is very good and the prices are exceedingly low this year and everybody can have several barrels in their cellars this winter. Lemons are still very scarce and maintain very high prices. Oranges still continue to come from California.

There has been a bear market in La Crosse for potatoes this week. The frosts experienced last week have hastened potato digging on the part of farmers and they have been coming into La Crosse at a lively rate. It is now apparent that the potato crop around the city has been larger than was at one time supposed. The heavy marketing of the tubers last week has produced a downward tendency of prices. Forty cents a bushel is still asked by dealers for the strictly first-class potatoes, although poorer qualities can be obtained at lower figures. So many potatoes are being brought in that the local market will be unable to absorb them all, and the law of supply and demand may get in its work.

## CAROLINA HOME-COMING

(Tribune Special Service.)

COLUMBIA, S. C., Oct. 22.—"Auld Lang Syne" week in South Carolina began today, with the state fair in this city as the center of attraction. Hundreds of former South Carolinians, now residents of other states, have returned for the "Old Home" celebration, and many more are on their way. The exhibits that make up the state fair, which opened its gates this morning, are calculated to open the eyes of those who have not followed closely the recent progress of the Palmetto State in manufacture, agriculture, live stock raising and other industrial pursuits. In its every feature the fair marks a distinct advance over the similar exhibitions in the past. The displays in every department are numerous and varied than ever before, while the entertainment and amusement features are far above the average. An excellent program of races has been arranged, beginning today and continuing till the end of the week.

## UNCLE HOD IN MILWAUKEE ENROUTE SOUTH

Uncle "Hod" Taylor, father of Mrs. Ray S. Reid, erstwhile leader in Wisconsin politics, and for many years assistant secretary of the treasury in the national government is in Milwaukee accompanied by Mrs. Taylor. Mr. Taylor says he is taking no part in politics this year, but that he is now en route for Southern California and that later he will make an extended trip abroad.

## GREEN BAY ROAD MAKES MONEY

The Green Bay & Western railroad in its annual report filed with the state railroad and warehouse commission shows its Minnesota earnings to be \$3,047. After paying taxes, interest on its debt and dividends, amounting to \$125,000, the road had a surplus for the year of \$167,308.

## WABASH TO ISSUE BONDS

(Tribune Special Service.)

TOLEDO, O., Oct. 22.—The stockholders and debenture bondholders of the Wabash Railroad, at a special meeting in this city today, authorized the issue of \$200,000,000 of refunding 4 per cent bonds and increases in the company's preferred and common stocks. The proposed increase in the company's preferred stock is \$16,000,000, which will raise the preferred issue from \$24,000,000, the amount now outstanding, to \$40,000,000. The common is increased by \$81,500,000, which will raise the total authorized issue of common stock from the present figure of \$78,000,000, of which \$38,000,000 is outstanding, to \$159,500,000.

These increases are greatly in excess, especially in the case of the common stock, of the amount needed to retire the debentures, according to the terms agreed upon between the debenture bondholders and the Wabash Railroad. The increases will raise the total authorized capital stock to \$200,000,000, which is the amount of the issue of the refunding 4 per cent bonds. This arrangement is in keeping with the laws of some of the states through which the Wabash passes, which require that the bonded indebtedness of a railroad shall not exceed the amount of the authorized capital stock.

# THE RACE IS NOW ON

## Six New Contestants Enter Tribune Popularity Contest

Many Prominent Young Women Are Nominated by Their Friends to Compete for Pianos, Trips, Scholarships and Watches

Six new contestants entered the great Tribune contest today. Miss Georgia E. Holmes, Miss Ida B. Colby, all in the First district; Miss Clara Lukowsky, in the Second district; Miss Hazel Sloan and Miss Marguerite Murphy in district No. 3, and Miss Louisa Worthingham of La Crescent, Minn.

The Tribune popularity contest started Saturday with a list of forty-seven candidates from the six districts. This list will undoubtedly grow from day to day, with steady increase of votes for those who have resolved to win one of the twenty prizes. Readers of The Tribune and friends of the candidates should do all in their power to help their favorite contestant.

Every ballot and nomination blank cut from The Tribune will count, and this might win for some young women. Besides people subscribing and preparing their subscription will receive a special vote coupon which can be voted at any time during the contest. Therefore any person who wants to encourage any ambitious young

woman can do so by prepaying their subscription to The Tribune and give them the special vote coupon. The three \$500 pianos, six free trips to California, the six scholarships, and six gold watches are prizes that are well worth a little work on the part of every contestant.

Every contestant in the race should interest their friends by telling them they are in The Tribune contest to win, and ask your friends to vote for you.

The contest will be a short and sharp one. Seven weeks from today it will be over and prizes gained. It is advisable to get right to work without delay. ## THIRD TRIAL FOR ASSAULT

(Tribune Special Service.)

SAN ANTONIO, Tex., Oct. 22.—The case of Manuel Perez came up in the district court today for a third trial. Twice the accused has been tried for criminal assault on a Mexican woman named Navarro, and both times the verdict was guilty. The court of appeals reversed both verdicts.

Perez was in company with another Mexican when the alleged assault was committed, but the case against the other Mexican was dismissed, as he turned state's evidence. The testimony at the two previous trials showed that the woman was with her husband when assaulted. They were on their way to San Antonio and were about ten miles from the city when they were accosted by Perez and his companion. While one of the men held the woman's husband, the other dragged her into the brush and assaulted her.

Among the defendants and all of whom are charged by Attorney General Rogers with violating the anti-trust law, are the Southern Cotton Oil Company, International Harvester Company, Dixie Cotton Oil Company, Waters Pierce Oil Company, Swift & Company, Cudahy Packing Company, and the Consumers' Ice Company.

Feb. 11, 1842, residing there and receiving his academic education previous to his entering the war in 1863. He enlisted in company E of the Third Maine and served in all of the battles of the Potomac, from the battle of the Wilderness to the battle around Pittsburg, and was at Appomattox at the surrender of Gen. Lee. After the war he spent a winter in Massachusetts, then he came to River Falls, Wis., where he continued the study of medicine, which he had previously taken up with his brother, a practicing physician of that place. In September, 1866, he entered the Chicago Medical school, from which he graduated in March, 1868. Immediately following his graduation he was for six months house physician and surgeon in Mercy hospital, Chicago, after which he spent two years in Chicago following the practice of medicine and also being the superintendent of the inebriate asylum, after which he removed to La Crosse, since which time he has devoted his time and skill to the practice of medicine. was one of the company physicians for the Milwaukee road. He has taken an active interest in the La Crosse County Medical society and has held several offices of the society since its organization.

## DEMOCRATS OPEN COUNTY CAMPAIGN

The democratic county campaign was opened yesterday at Newburg's Corners, St. Joseph's and Middle Ridge, all of the candidates of the party appearing at the various places and delivering short addresses. ### ADJUSTMENT THE KEY- NOTE

The diseases that Osteopathy cures by adjusting the spine includes nearly every disease known. It is done with the hands, but is not rubbing. **Massage** is not Osteopathy, tho some would like to have you believe it is. **Osteopathy is greater.** Investigate it for yourself. Give this new science of healing a fair show and you will not regret it. Every osteopath in Wisconsin must be licensed by the state. This insures you against incompetency. For a complete explanation of osteopathy and its value in your case call on Dr. A. U. Jorris, 501-2-3 McMillan Bldg.
